

REMARKS

Claims 1-9 are rejected under 35 USC §103(a) as being unpatentable over Rezaiifar et al. (US patent 6,408,003) in view of Saeijs et al. (US Patent 5,596,581). Claims 1-8 have been cancelled.

Claims 10-16 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. Independent claim 9 has been amended to include the limitations of allowable dependent claim 10. Claim 10 has been cancelled. Accordingly, Applicants submit that claims 10-16 are in condition for allowance.

Applicants gratefully acknowledge the allowance of claims 17-19.

New dependent claims 20-26 have been added. Applicants submit that claims 20-26 are allowable at least by virtue of their dependency on claim 9. Claims 20-26 do not add new matter.

In view of the foregoing amendments and remarks, it is submitted that claims 9 and 11-26 are in condition for allowance. Applicants respectfully request the reconsideration and reexamination of this application and the timely allowance of the pending claims. Please charge any fees associated herewith, including extension of time fees, to 50-2117.

Respectfully submitted,

Hetherington, Mark et al.
